

Welcome to our newsletter in august 2011 we have the honour to present you a lot of new parts, actual knowledge and emotions around all items concerning classic cars.

Just join us on facebook and post us your personal impressions. We do have a lot of activities and surprises for you.

PARTS

New, available now: Repair kit for pulse generator

The repair kit is installed in the ignition distributor and gives signals to the control unit of the D-Jetronic for opening the injection valves. Applied in passenger cars made by Mercedes-Benz of the series W111, W108, W109 and R107 with 8-cylinder-engines
